FTO Observer Participation Guidance

Thank you for taking an active role in your recruit's Basic Training by observing their progress in ILEA training. Your observations will allow a more full understanding of your recruit's strengths and weaknesses as they progress. Below are a few guidelines:

- Identify yourself and agency to the ILEA instructor upon arrival.
- Receive communication from the ILEA Instructor on the expectations for that observation of training.
- If there are any concerns with training, please report them to Assistant Director Rachael Krier at 515-587-0485 or rachael.krier@iowa.gov

Please sign up on our website prior to observing training.

If you wish to assist in the instruction as a guest instructor, please sign up on ILEA website under Volunteer Opportunities. Only guest instructors will be awarded credits toward ILEA training.
